

## **Your INL Update — Week of Feb. 21, 2011**

This is Misty Benjamin with your INL Update.

Idaho National Laboratory has awarded more than \$20,000 in grants to help Idaho high school students earn technical certificates or college credits for STEM courses – those focusing on science, technology, engineering and mathematics. If you want to know which schools benefit from STEM grants, take a look at the INL's home page at [inl.gov](http://inl.gov).

Along with other members of the community, INL employees will be attending the 8<sup>th</sup> annual Red Dress concert on Friday, Feb. 25. The concert will feature the Idaho Falls Symphony and a guest appearance by Rockapella, a group known for their excellent music and fun antics.

INL's own Piyush Sabharwall has been recognized as one of the best of the best. Dr. Sabharwall, a heat transport lead research scientist, has been named one of the New Faces of Engineering by the National Engineer Week Foundation. You can learn more about Dr. Sabharwall's exciting and unique work at [inl.gov](http://inl.gov).

This was your INL Update. You'll find more information at [inl.gov](http://inl.gov), including community announcements and the latest INL news.
